A QUADRI-CENTENNIAL SERMON.

ons of International and Divine Love

"Not unto us, O Lord, not unto us, but unto For the District of Columbia, Maryland and Thy name give glory," was the text of a disblessings, all the progress, all the prosperity we errjoy. And especially in this land, in celeting that in which we ourselves had naught what-ever to do, for which we can claim no merit. All self-laudation, all self-glorification are here con-spicuously out of place. The glory of this ing that in which we ourselves had naught what

event is surely "not unto us."

As Columbus reverently knelt in thanksgiving to Almighty God and consecrated the new soil to the worship of the Lord Jesus Christ by planting therein the cross of the Christian religious. ion, so let us acknowledge the providence of God in all honors we pay to the instrumentali-

civil institutions, other nations.

First of all, the heroism of a fellow-man to INABILITY to sleep cured by spending Ein their work, and so to magnify their own petty criticisms as to put out of sight the really great and noble aspects of the character assailed This is not the time to attack the reputation of Is without a rival! You can buy one just as Christopher Columbus. It is far more benefi-good anywhere—for \$1.50. heroic qualities and heartily recognize and honor these, than to be searching out defects and blinding our own eyes by the dust we raise.

His name was prophetic; "Christo ferens," "bearer of Christ," "Columbo," "a dove. messenger." bringing the light of Christianity to a world in heathen darkness. That his work was marred by human frailties who denies? None knew this better than he. Who are we, his feeble and erring fellow men, to condemn

God does not make use of perfect men, ever as instruments for great work, else the work would never be done. He uses those human qualities, courage, faith, perseverance, skill, endurance and trust in God, nay, even the mo-tives of selfish gain, ambition, for a worldly glory, He uses as mighty instruments for great

The 33d Anniversary of His Raid Commeta-At the request of the John Brown Monument would do so. He announced as his text the brating the discovery of America, are we honor- Third Philippians, 13th, 14th and 15th verses.

man possessing a judicial mind was fit to be a great reformer. The reformers, the great movers for good in the history of the world, were men of singleness of purpose, men who, in the advocacy of their purpose and in the fur-therance of their cause, lost sight of the conseties employed by divine wisdom.

Let this event bring us into a more real sense of our relation to our fellow-beings of the human race, to those of other religions, other human race, to those of other religions, other civil institutions, other nations. quences to themselves. Such men have but one idea. It saturates their being and controls their First of all, the heroism of a fellow-man to whose patient study, indefatigable zeal, determined purpose, steadfast courage and unwavering faith we owe this truly heroic achievement. It is the fashion of men to like to beinterest of all, the heroism of a fellow-man to same sense that Christ could not escape the cross. Each were born to their work. It may have been a strange fatuity which took possession of John Brown the night of October 16, 1859, in that little fort at Harper's Ferry. But little those who have become the world's he believed in the case which filled him and heroes, to find out flaws in their character and their work, and so to magnify their own petty for it.

SLAVERY WAS WRONG. The speaker referred to the fact that John Brown had been called a fanatic, a bigot and a crank, and, in fact, everything that would make his name odious. But whatever he was, he cognize and his name odions. But whatever he was, he to do all in his power to break it down. It sometimes happens that God moves through one man and so it was that He selected old John Brown. The tragedy of October 16, 1859, That his work who denies?

Who are we, to condemn the property of slavery, the pot began to boil and the people soon saw that the nation must do something. Yet God was leading, God was managing.

managing.

To be moved by a grand sentiment—by principle—was the sign of divinity, the highest power in the world. Leaders must die, and whoever dies for principle attains in the hearts whoever dies for principle attains in the hearts of the people the soul of that principle. God has written on the walls of time that man shall be free, and that principle—the one John Brown died for—has become part of every To serve the world's great needs human instruments will not be wanting, though the human race has not attained its perfection.

HONGE TO ITALY.

Next to Columbus let us honor the name of the Italian land and nation that gave him birth. True, his country was at that day of independent and warring republics, a city rather than dent and warring republics, a city rather than and in our homes and churches. The colored and in our homes and churches. The colored and in our homes and churches. The colored race should never forget the memory of John Brown, and they should see that his work is commemorated in a suitable monument here at the nation's capital.

Among those who listened to the Rev. Mr.

brief remarks was the venerable Fredk. Douglass.

Thrown From a Train. Percy H. Wilson, a young man living at 1900 street, was thrown from the Alexandria train on Saturday evening near the south end of the Long bridge while the train was rounding the curve. He was taken to the Emergency Hospital, where he was found to have suffered concussion of the brain, a fracture of the lower jaw, a contusion over the eve and other injuries. It was only on Friday that he had a padly cut ear dressed at the hospital.

Robberies have been reported at police headquarters as follows: A. A. Lawrence, 825 8th street northwest, a boy's iron express wagon; F. P. Olmstead of Burchville, Md., an ulster overcoat from a wagon at Center market; Mrs. C. D. Bishop, 1325 New Hampshire avenue, knives, forks, &c., stolen from her buggy; Mrs. Mary Renauld, 406 18th street, pocket book and \$4, fob chain and pair of shoes. F. Gregory of Terra Cotta, \$35 in money taken from his room; Elizabeth Ruissi, \$18 from her stand in market

> ward adopted.
>
> The resolution outlined the plans for the institution, and proposed that 10,000 acres of cheap lands be purchased in or contiguous to the mineral, coal and timber fields of some state having coal, iron, other mineral and timber, which are adapted also to agriculture and grazing uses, and thereon establish a technological school of large capacity, at which shall be taught mining and civil engineering, working in timber, the digging, smelting, to fusing and weighing of metals, the forging of the class secured engagements as teachers after graduation, and a second class has been formed. An account is given of the work which is being done in teaching articulation and the reading of the lips.
>
> The receipts for the year was \$69,500, of which amount \$61,000 was from the United States treasury. There is a balance remaining of \$839. For the next year \$63,000 is asked and \$3,000 for the inclosure and improvements ward adopted. chine building and engineering, the forces from which power is derived, how to produce, control and get its benefit, the rearing of all do-mestic animal, tanning and currying and all useful trades, the analysis of soils, the uses of all kinds of fertilizers, the study of grain, stock and fruit growing, the building and use of agricultural machinery and also practical agriculture; also the different schools of pracagriculture; also the different schools of practical agriculture; also the different schools of medicine, surgery, veterinarianism, drafting and other arts, dairy work, house work, the making of fabrics and of clothing.
>
> In discussing the plan the resolution said: "The thought in our minds is that many veters as corner of four transport of the said that the said t

erans cannot afford to send their children to the university and technological school now existing, so that by establishing such a place as is outlined herein the men could be more practically taught to pay something, and at no cost to those who could not pay. Thus we encour-age veterans to maintain their standing and order and give them a live object without diorder and give them a live object without di-verting the purpose. In a few years such a school might be making its own clothing and raising its own food, be in a large measure self-supporting, and by keeping up the high grade of effort for practical culture, by build-ing inexpensive, substantial buildings from the material on the ground and the force in the school, erect a monument to the rank and file of the war of 1861-65, which did the work of the war, one which will mark a brighter spot on the history than the scratches on monuments to men whom they made illustrious. We shoultrust that no mere creed should ever enter there and would insist that the worship of God and the teachings of the holy scripture be by members true to the principles of our own and simi-lar organizations of Union soldiers. And to this end we invite the aid and co-operation of other organizations of Union soldiers and

The committee made a favorable report on these resolutions and the union 'ordered the in-corporation and stocking of the institution on the lines laid out.
